Theater MFA Program

About the Program

The Theater MFA in Design for Theater and Entertainment is a three-year program offering advanced professional training in three artistic areas: scenic design, costume design and lighting design. While the development of specific design skills is important, the design faculty believe that a good overall design sense, heightened dramatic sensibilities and critical thinking are the essential qualities a designer must cultivate in order to be prepared for any kind of future creative challenge. The program's goal is to produce artists who know how to think creatively, how to conceptualize, and how to find new ways of designing for the theater.

All MFA programs in Theater are FULL-TIME programs. The Department admits new students only once each year for the Fall Quarter.

Applicants must submit all required application materials to be considered for admission.
